(13) The general para 9 to 12 supra.

Certain appointments of Medical Practitioners are proposed to be sanctioned by Govt for the scheme for subsidising Medical Practitioners to settle down in Rural Areas. These appointments will be outside the cadre of Sub Assistant Surgeons and non-pensionable, the incumbents being under the administrative control of the Medical Department In view of these, the Senior Surgeon is of opinion that these appointments may be made without reference to CMB rules.

(14) According to recruitment rules the appointments of sub Assistant Surgeons in the regular Cadre establishment of the Medical Department are classified, advertised through CMB and then filled up. Whether the appointments of Medical Practitioners under the scheme referred to above may not be filled up in the same manner is a point for opinion

Thro (THE DEPUTY COMMISSIONER, KOLAR DISTRICT.)

Sir,

I have the honour to state that the District Board of Kolar while recording G.O.No.G.5998-6003 Med. 37-36 dated 13-2-37, have resolved at their meeting held on 22-3-37 in Resolution No.56 that the Scheme for giving facilities to Private Medical Practitioners to settle down in rural areas, be made applicable to Kolar District as well.

It may be stated in this connection that this District Board has consistently evicned great enthusiasm for providing medical facilities in rural areas as is evidenced by their establishing five District Board Dispensaries without any grants from the Government during the last few years. They are eager to extend the facilities still further under the new Scheme.

I request you therefore to kindly obtain sanction of Government for the resolution of the Board.

A copy of the Resolution of the Board in the matter is enclosed

To

The General Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

Sir, With reference to your letter No.G.9038/Med.37-36-11 dated the 13th Instant about the extension of the Rural Medical Practitioners Scheme in the Kolar, Tumkur and Chitaldrug Districts I have the honour to invite kind reference to the first para of this office letter No.G.C.184-9 dated 12th October 1936 from which it will kindly be seen that the scheme was formulated in consultation with the District Medical Officers of the several Districts, and the willingness of any of the District Boards to participate in this scheme was not called for before the submission of these proposals. Because these three Boards had already expressed their willingness to open reduced scale dispensaries in their Districts during 1936-37, it was proposed that a reduced scale dispensary may be opened in these Districts, viz., Kolar, Tumkur and Chitaldrug, and a rural practitioner be subsidised in the other five Districts, and that the sum of Rs.500 sanctioned for opening new dispensaries would be sufficient for the opening of all these institutions. Thus it is obvious that there is no necessity for obtaining the willingness of the three District Boards for participation in this scheme now. Since the passing of Government Order of 13-2-1937, the Kolar District Board have resolved that the scheme may be extended to their District, as they have always evinced a great interest for providing medical facilities in Rural Areas- a fact which is borne out by their having 4. District Board Dispensaries in their District. I may, in conclusion, state that the scheme now sanctioned is a general one, which may be applicable to the

P.T.O.

the whole State. I have also addressed all the District Boards with a view to find out whether they are agreeable to introduce the scheme in their Districts and are willing to contribute their qouta of cost and their replies will be communicated to Government. Any District Board which sends up concrete proposals for opening institutions under this scheme will be given all facilities for doing so.

(2) As regards the question of funds, the Government share of the expenses involved for subsiding one or two such practitioners during the current year- which is very near its close- will be available from out of the sanctioned grants of the Department.

(3) I solicit early orders extending the scheme to all the Districts.

SIR,

Adverting to Government Order No. G.5998-6003/Med.37-36 dated the 13th February 1937 sanctioning a scheme for giving facilities to private Medical - Practioners to settle down in rural areas, I have the honour to state that the District Board, Kadur District have resolved that the scheme may be tried in Nandipura of Mudigere Taluk and Chavalmane of Koppa Taluk. A copy of the -- resolution of the Board has been forwarded to you with the President's letter No. L.B.2-447/36-37 dated 17th June 1937 for needful action.

As regards the starting of the scheme in Chavalmane, I have the honour to state that this place is situated only six miles from Hariharpura and is - connected by a road. After all, there are not many villages round about and I am not in favour of trying the scheme there. I would therefore suggest the - desirability of selecting Kalasapura village of Chikmagalur Taluk for the - purpose. This latter place is situated over 15 miles from the nearest Hospital and there are popoulous villages round about and I should think there is greater need for a dispensary at that place than at Chavalmane. I may add that I have seen both the places. I am therefore requesting the District Board to reconsider their decision in the light of my observations above.

In the meanwhile the question of trying the scheme at Chavalmane may kindly be deferred.

GENERAL SECRETARY. 6 JULY 1937

To

The General Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

In continuation of my letter No.G.C.184-29 dated the 25th May 1937 about the scheme for subsidising Medical Practitioners in Rural Areas, I have the honour to state that after the scheme was sanctioned, all the Presidents of District Boards were addressed with a view to ascertain their willingness or otherwise of the introduction of this scheme in their Districts, as also to select suitable places for the same. So far replies have been received from the District Boards of Kolar, Mysore, Shimoga, Hassan, Kadur and Tumkur Districts. Except the Hassan District Board, who have resolved ~~kkat~~ at their meeting held on 25-5-1937 that "the Board is not in a position to undertake the responsibilities on account of their low finances", all the other Boards have welcomed this scheme, and have expressed their willingness to co-operate with Government in introducing the scheme in their Districts. The Kadur District Board have even selected the places where they would like to introduce the scheme, and the President, District Board, Shimoga is sanguine that he will be able"to select about six places where the scheme could be tried in Shimoga". I enclose for the information of Government a resume of the opinions received from the several District Boards enumerated above. No reply has yet been received from the District Boards of Bangalore and Chitaldrug, but all the Boards have again been reminded to expedite their final proposals.

Under the circumstances, I have the honour to request you to kindly obtain very early orders of Government for (1) the

P.T.O.

(1) the rules for the introduction of the Scheme of Rural Practitioners, as submitted to Government with this office letter No.G.C.184-11 dated 15-3-1937, and my letter No.G.C. 184-27 dated 26-4-1937 and (2) for the extension of this scheme to the whole State. Orders of Government may also be obtained, as to whether these appointments have to be made through the Central Recruitment Board or on individual merits as and when occasion arises. I am of opinion that as these appointments are outside the regular appointments in the Department, recruitment may be made without reference to the Central Recruitment Board Rules.

(1)

(2)

(3)

I however, solicit early orders of Government.

I have the honour to be,

Sir,

Your most obedient servant,

Ag. Senior Surgeon.

Opinions received from the several District Boards, about introducing the Scheme of Rural Medical Practitioners in their Districts.

Hassan:- Resolved at their meeting held on 25-5-1937 that "The Board is not in a position to undertake the responsibilities on account of their low finances".

Chickmagalur:- Resolved at their meeting held on 3-6-1937 that "the Scheme may be tried at two places (1) at Nandipura in Mudigere Taluk and (2) at Chowlmane in Koppa Taluk, during the current year; and if the Government cannot open both the Dispensaries, preference may be given to Nandipura.

President's recommendation that Mr.S.Narasimha Murthy, who is already practicing at Nandipura may be recruited for the Dispensary.

Tumkur:- Resolved at a meeting held on 22-5-1937 "that the scheme be tried in 2 villages, and the money required for medicines be paid by the District Board, after recovering half of it from the Village Panchayeths, and these Dispensaries be opened only in villages which are willing to contribute half the cost of medicines and provide a building for locating the Dispensary.

Kolar:- At their meeting held on 22-3-1937 resolved that "the scheme be extended to Kolar District also as the District Board has consistently evinced a keen interest for providing medical facilities in Rural Areas. Provision made in Budget 1937-38 for subsidising practitioners in Rural Areas.

Mysore:- At their meeting held on 15-4-1937 resolved that one or two Dispensaries may be opened in the District. The places to be selected at next meeting.

Shimoga:- Final reply will be sent after meeting on 29-5-1937. They hope to select about six places to introduce the scheme.
